Good morning, Ron,  
Please save this to SEMS for Smokey Mountain Smelters.  
Thank you,  
Scott

Carol,  
We are researching Erin's questions. Caroline Philson is working on it, and you are correct that Andy doesn't need to do anything additional on it. We'll be back in touch with her shortly.  
Thanks,  
Scott

Scott –

The Division of Remediation received the invitation for the State of Tennessee to participate in negotiations with potential responsible parties for the Remedial Design/Remedial Action at the Smokey Mountain Smelters Superfund Site. We have forwarded this request to the Tennessee Coordinator for the Natural Resource Trustee and would greatly appreciate being an active participant in the negotiation process. I look forward to receiving the additional information we discussed this morning in regards to this request. I sincerely thank both you, and Rusty, for stabilizing the site and moving it towards the final remedy. You both have been invaluable!

Sincerely,

**Erin Sutton** | Knoxville Field Office Manager
